

REMARKS

In response to the Communication/Notice/Notification mailed September 4 2008, the Applicants provide herewith a Substitute Sequence Listing and CRF (in .txt format). As required by 37 C.F.R. 1.821(f), the sequence information recorded in the computer-readable form (CRF) of the Substitute Sequence Listing is identical to that in the paper copy of the Substitute Sequence Listing. The names of the individual inventors have been added and certain formal corrections made, for example, some instances of field <223> have been condensed to conform with the four line maximum. No changes to the sequences themselves have been made. Pursuant to 37 C.F.R. 1.821(g) the Applicants state that no new matter has been introduced.

CONCLUSION

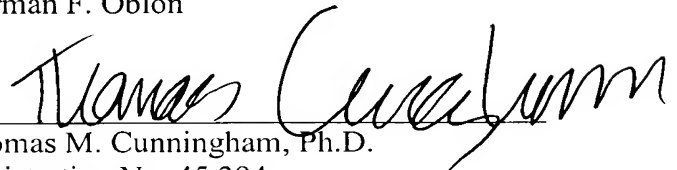

Upon entry of this Preliminary Amendment, the Applicants respectfully request an early examination on the merits.

Respectfully submitted,
